

EAST AFRICAN CHIPKIZI CUP 2018

The Chipkizi Cup tournament has been brought into life 9 years ago to provide a platform where youth can showcase their skills and talents amongst peers. It is an opportunity for scouts to explore hidden talents which can result in employment through sports and also an opportunity for social cooperation and integration. This year's edition of the East African Chipkizi Cup took place from 11 until 16 December 2018. Future Stars Academy managed to pull together the 9th edition of the tournament at the TGT fields in Arusha. We organized the event with our own FSA team which consists of 8 employees. Each day of the tournament we had around 15 volunteers, whom contributed to making this year's event a success.

Participating countries

This year's edition of the East African Chipkizi Cup saw teams from Tanzania, Zanzibar, Kenya and Uganda participating in the tournament. Besides offering the participants a week filled with football the tournament also brings together East African countries and increases the social cohesion between these countries. We are very happy to see that these countries enjoyed playing together and exchanged contacts during the Chipkizi Cup. We can thus proudly say that this event contributes to the social integration between East African countries.

Number of participating teams

We had the privilege to host this year's Chipkizi Cup for a staggering 122 teams, with a total of over 1500 children, parents and spectators attending the tournament during the week. The table below shows the winner and runner-up of each category and the exact numbers of participating teams arranged to over the country of origin:
